

Boardroom Breakout

WE BRING A 60-MINUTE ESCAPE-ROOM-STYLE TEAM BUILDING EXPERIENCE TO YOUR CORPORATE MEETING OR PRIVATE EVENT

THE

Team Building Dilemma

Lack of options for a large team event that meets time, location, and budgetary constraints

- Your team is tired of the usual Top Golf/PinStack rotation
- Guest speakers are boring and don't reenergize your staff
- The event needs to impress your peers

Event Planner's Predicament

What type of event can accommodate 200 people at one time?

Is it possible for them to come to our office?

I only have a 90-minute window in the event schedule for this activity.

Transporting my large group is costly.

My manager says it has to be engaging and new.

“This has to be the best corporate team building event you can have. The entertainment starts the moment their staff arrives. The experience is witty and very customer focused. Great fun with a lot of excitement! This was well received by my group who didn’t want the game to end. Give them a call. You won’t regret booking these guys!”

Our Mission

We believe that challenging tasks combined with unexpected role reversals, under-the-gun critical thinking, rapid iterations and creative use of competition can make team building more impactful and crucial concepts more enduring. Our mission is to bring hidden potential to life and spark high-performing teams.

Why?

Our company's name, Boardroom Breakout, stems from our founding team of MBAs who did just that. Our trio of former BCG consultants left the world of corporate strategy to conquer the frontier of modern corporate team building. Over the years, we have witnessed the re-energizing effect our experience has on company communication, morale, camaraderie, and fellowship.

We launched Boardroom Breakout to bring our unique experience to clients at conventions, regional meetings, corporate offices, conference rooms, hotel banquet halls and virtually anywhere businesses bring their teams together.
